

May 15

The music stopped
Which woke me up
What time is it
What day is it
I didn't want to know
I enjoyed the suspension

Need to see
Need to pee
Go laddie go
Go to No No
Go to Yo Yo
Escalating Peter Pan
Then we do the Low Low
Sink into the ground
Never to be found
Go to the mirror
Sending whatever you might need
To finally break the thing
World's Biggest Crypto gets busted
Well what do you know
Like where do you go
Too short and too squat
You were born this way
Go down slow now
The waiter is not a mystic
Nero won't cum
He'll never cum
Waiters are actors
But actors are mystics
So what do we do
What should we do
Please go down slow
Now catch your ride downtown
Where your love will not be found
I will go out amid sheets of sound
Closely followed by subterranean
